MongoDB, Socket.IO,
OAuth, Passport.js, Postman

Devops

Git, Github, NPM, Vercel,
Heroku, Azure, Render

Other Tools

Visual Studio Code,
Microsoft office, Jest

EDUCATION

Bachelor of Engineering

Aeronautical - Bannari Amman
Institute of Technology

2018 - 2022 | 7.8 CGPA

OBSESSIONS

Machine Learning
Artificial Intelligence
Data Science
Data Democratization
Augmented Analytics
Natural Language Processing
(NLP)
High-Frequency Trading (HFT)

ABOUT ME

As a self-driven full-stack developer, I aspire to leverage my acquired skills to develop innovative web applications, collaborate effectively with teams, and remain dedicated to lifelong learning and growth within the technology field.

PROJECTS

Social Media Platform

OCTOBER - 2023

A comprehensive social media platform utilizing React.js for the client-side interface, Node.js for server operations, and MongoDB for data storage. Deployed the server on Render and the client on Vercel, ensuring a seamless, high-performance, and responsive user experience

ROISTER-MEDIA | React.js - Node.js - MongoDB - REST API

Portfolio Website

SEPT - OCT 2023

A dynamic portfolio website using React.js and Vite, accentuated by Material UI for an elegant, responsive layout. Hosted the site on Vercel, offering a seamless platform to showcase projects and skills. It's being displayed on my domain.

PORTFOLIO | React.js - Vite - Material UI - Vercel

Video Game Database

AUG - SEP 2023

Game - Base is an interactive video game database application developed using React.js for robust front-end development, Vite for optimized bundling, Axios for efficient data handling, and Chakra UI for streamlined design implementation, hosted on Vercel.

GAME - BASE | React.js - Axios - Chakra UI - Vercel

Hooks based Calculator

AUGUST 2023

Tenny - calc has designed and built an online calculator utilizing React and pure hooks, offering a user-friendly interface and a range of mathematical functionalities.

GAME - BASE | React.js - React Hooks - Vercel

CERTIFICATION

The Full Stack - META

Python for AI and Data Science - IBM
